NHA KIDS & FAMILY HORSE SHOW RULES AND GUIDELINES

The NHA Horse Show Committee is composed of the Show Manager and Assistant Manager. If deemed appropriate by the Show Committee violations of show rules may result in suspension from the current show. The Show Committee will have the discretion to exclude riders, coaches, volunteers, horse or programs based on the following criteria:

- A. Abuse of Horses or riders.
- B. Unauthorized use of horses.
- C. Violation of PATH Program Safety Guidelines and NHA show rules including but not limited to:
 - I) Failure to wear an ASTM-SEI protective headgear that is approved for horseback riding while mounted.
 - II) Failure to use a safety stirrup, or wear riding boots or hard soled shoes with a heel.
 - III) Affixing a rider to the tack or horse.
- D. Failure to adhere to the directive of the Show Committee or its members/volunteers acting on its behalf.
- E. Management has the right to combine, split or cancel classes. All disabled riders must bring their own coach and necessary support personnel.

Coach Guidelines

- ❖ If a tack change is necessary, please notify the gate operator prior to the "Class Call," so as not to be late.
- ❖ You must inform the show office of any scratches as soon as you know about them.
- ❖ Know your riders' schedules. You and your rider are responsible for making your class call.
- ❖ The Show Committee will stop or hold any class at any time if you notify the ring steward that you have a safety concern.
- ❖ All coaches, riders and volunteers must understand the rules and guidelines on these two pages and understand that the Show operates under the PATH International Program Safety Guidelines.
- ❖ Tack must be well-fitted and conform to each horse and rider's needs. Special adaptive tack may be used as needed provided that no rider shall be attached in any way to the horse or saddle in accordance with PATH International policy, with the exception of materials that will break away readily and involuntarily; such as Velcro & rubber bands.
- ❖ All riders, coaches, anyone riding a horse for schooling, must wear an ASTM-SEI approved helmet with affixed chin strap at all times when mounted. **NO EXCEPTIONS!**
- ❖ Any rider, who is unable to post, or unable to sit the trot, should be clearly indicated on the entry form; non-verbal, hearing or sight-impaired riders may choose to wear arm bands during their class for safety purposes.

RED= Visual Impairment
BLUE= Hearing Impairment

PURPLE= Non-sitting trot
YELLOW= Non-posting trot

GREEN= Non-Verbal

- ❖ Classes will be split, combined or canceled at the discretion of the NHA Horse Show Committee.

Rider Volunteer Guidelines

As we watch our riders in the arena – sometimes confident, sometimes struggling – it is often difficult to remember that aides are in the arena for safety only. The integrity of our competition depends on aides not influencing the rider or the horse. We want you to know just how important you are and how delicate your role is to our riders. We want all riders to succeed, and we want to be fair to everyone. Keep in mind the following:

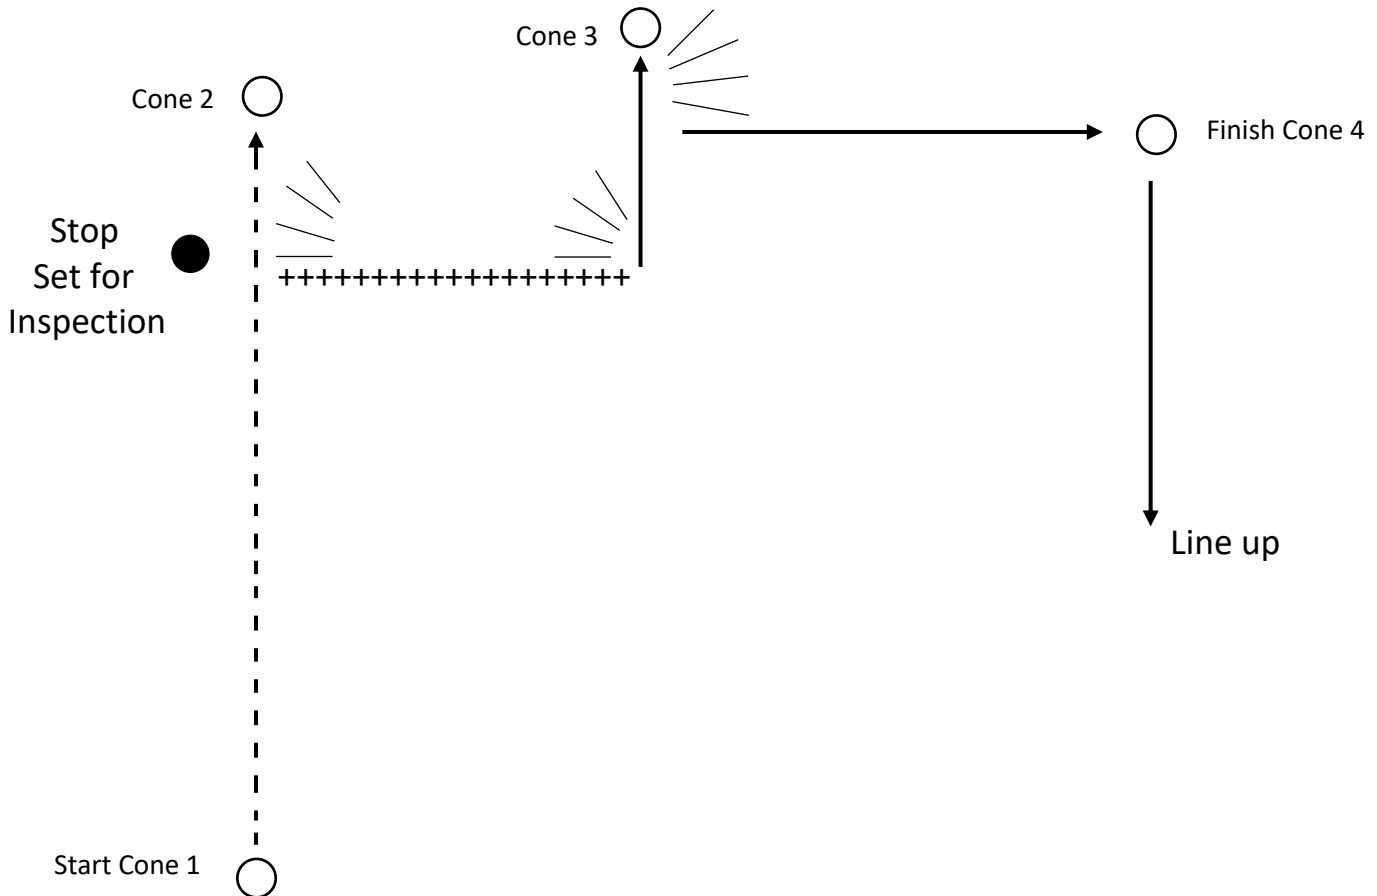

- Judges will penalize riders receiving unnecessary assistance. Wait for the rider to command the horse. This is perhaps the single most difficult thing for us to do.
- No Head Coach or family members to lead or sidewalk a rider or any relative without first obtaining the permission from the Show Manager.
- Volunteers may caution a rider to “watch your spacing” but they are not allowed to give instructions.
- If spacing is a problem, a rider may direct his or her horse to circle or cut across the arena.
- The lead line must have 8 – 10” of slack. Don’t pull the horse ever – unless safety is an issue. Give the rider all the time he or she needs.
- Riders entered in independent classes may have a safety spotter of their choice in the arena with a lead line just in case for safety issues. This spotter has wide discretion to be as close or as far as he or she feels is appropriate under the circumstances.
- If there are 2 or more aides, the volunteer with the lead line has the responsibility to remain with the horse in the event of a problem. The sidewalker(s) assist the rider.
- If the horse you are working with appears to be upset, you may speak to it and try to calm it. If you feel the horse may disrupt the class, ask the rider to come in off the rail to settle down or if the horse is extremely upset you may ask the judge to be “excused.” **No Refunds to be given.**
- If your rider is closer than 2 horse lengths from another rider, tell your rider to watch his or her spacing.
- If you are in over your head or you feel there is a possibly dangerous situation, get backup help before an accident happens. If in doubt, err on the side of caution.

Rider Guidelines and Ring Etiquette

- All riders must be able to ask the horse to walk forward, halt and turn right and left with help from leader.
- Riders are expected to maintain proper spacing – if you are closer than 2 horse lengths, circle or cut across the arena.
- At all times and at all gaits, the rider is in control of the horse. The volunteers are there for safety only. The judge will penalize riders who rely on volunteers for advice in the arena or whose volunteers guide the horse or “help” too much.
- In the Warmup Arena, ride in the same direction as everyone else; if you do meet another horse, pass left shoulder to left shoulder and state to the other rider that you are passing them.
- Faster horses ride closer to the rail; slower traffic should be at least 12 feet off the rail. It is the responsibility of the faster horse to tactfully avoid the slower traffic.
- Don’t halt on the rail at any time.
- Mount and dismount outside the arena unless absolutely necessary.
- If you have to make adjustment; i.e., stirrup length, please make them on the outside of the warmup arena.
- Sighted riders need to give visually impaired riders the right of way. Visually impaired riders may be arm-banded for safety purposes.
- Outside of any arena is a WALK ONLY area.
